EDUCATION

Brown University, B.S. Computer Science-Economics

Providence, RI | Expected Graduation May 2023

Overall GPA: 3.64, Concentration GPA: 3.83

- **Significant Coursework:** Object Oriented Programming, Algorithms and Data Structures, Data Science, Statistical Inference, Cybersecurity Ethics, Urban Studies, Macroeconomics, Microeconomics
- **Organizations:** Brown Data Science, Food Recovery Network @ Brown, Intramural Soccer, Brown Sports Convos

EXPERIENCE

Brown University Department of Economics | Research Assistant

April 2021 – Present

- Conducting research on climate change and its effect on quality adjusted population density with Professor David Weil and Brown's Department of Economics

Juni Learning | Computer Science Instructor

September 2020 – Present

- Teaching students the fundamentals of computer science through Scratch, Python, PyGame, and Java
- Coordinating with parents and staff leads to help foster a customized, positive remote learning environment for each student
- Refining skills on how to break down complex topics into everyday terms

Brown University IT Service Center | Student Technician

January 2020 – May 2020

- Received training regarding troubleshooting on AV equipment, as well as Mac, Windows, Chromebook, and mobile platforms
- Assisted students and faculty members with their technical difficulties through telephone, email, and chat
- Facilitated smooth functioning of the IT Service Center's technology loaner program by taking inventories and ensuring data safety through reimaging processes

LEADERSHIP

Social Innovation Fellowship | Cohort

April 2021 – Present

- Member of a two-year developmental program that focuses on making social impacts through innovation
- Attending weekly trainings and workshops led by the Social Enterprise Greenhouse to develop leadership skills

Cress Health | Director of Operations

May 2020 – Present

- Overseeing 40+ undergraduate and graduate interns spanning across Cress' product development teams
- Leading generation of positivity cards, lifestyle tips, and guided meditations to improve the Callie app
- Spearheading internship recruitment efforts by posting jobs on various platforms, screening applications/resumes, and holding interviews

PROJECTS

Baseball Trade Analyzer, Hack@Brown | Python

January 2021

- Trade analyzer obtains key statistical categories of each player through web scraping
- Computes a weighted sum of relevant statistics and calculates the "fairness" as the difference between each player's sums

Shell Terminal, Coursework | C

October 2020

- Constructed a shell terminal that takes terminal inputs and parses commands to operate as a Linux terminal
- Shell terminal can launch jobs to run in both the foreground or background, maintains a list of job IDs, and responds to terminal signals

Tetris, Coursework | Java

November 2019

- Supports the generation of seven random pieces, intuitive rotation, and proper line clearing
